There is a critical difference between professing faith in Christ and possessing faith — God gives the promise but His people must take a step of faith to enter it

Deuteronomy 1:8

“

There are a lot of people who raised their hand, who prayed a prayer, who came down to the front of a church, who filled out a membership card, who checked a box and said, yes, I want to put my faith in Jesus Christ.

Fear, not the strength of the enemy, is the real reason God's people miss His promises — the Israelites wandered 40 years because they chose the comfort of bondage over trust

Numbers 14:1-4

“

They said to each other, we should choose a leader and go back to Egypt.

The enemy already knows that God is God and is more afraid of the believer stepping forward than the believer realizes

Joshua 2:9-11

“

I hope you don't come in and take what God has given you, because if you take it, you're gonna be taking it from me, the enemy, and I hope that you don't do that.

When we recognize our inadequacy, God's answer is not a self-improvement plan but His own presence — I will be with you

Exodus 3:12

“

He doesn't put his arm around him and say, come on buddy, you can do it. He goes, I'm sorry, I will be with you. The end.

Many believers ask for clarity when what they need is courage to obey what God has already spoken

Joshua 1:7-9

“

*A lot of us in church today already have all the clarity we need.
We just need the courage to do what God has invited us to do.*

Jesus is the true Joshua — His name means Yahweh is salvation, and He has already taken the land, defeated the enemies, and secured the rest we long for

Joshua 21:43-45

“

You don't have to go in and defeat any enemies. I've already done that. You don't have to go in and take any land. I've already done that. You don't have to create milk and honey. I've already done that. You don't have to do it. You just have to step into it.
